

# KABUTO SUMO

## Insect All-Stars

### Components

- A** 8 Wrestler Cards  
(5 Junior League on backs)
- B** 15 Signature Pieces
- C** 1 Rules Card

*A new Sumo-Beya (stable of wrestlers) joins the league, bringing a diverse cast to make matches even more vicious and unpredictable. The kabutomushi will have to adapt to these aggressive new challengers if they want to remain champions of the ring.*

## Expansion Overview

This expansion adds 8 new wrestlers to *Kabuto Sumo*, each with a new signature piece. When playing with this expansion, each player can choose either an *All-Stars* wrestler or one from any *Kabuto Sumo* core box.

Some *All-Stars* wrestlers have **multiple copies** of their signature piece. Always add **all** of your wrestler's signature pieces to the supply. While there are still copies left in the supply, you can keep using your signature moves to gain them.
